Frater Achad (Stanfield Jones) will commence a series of lectures on Wagner's "Parsifal," giving the kabalistic interpretation of the story. This is a subject to which Mr. Jones has given many years of study, and it will be found both fascinating and also instructive. This series will commence Thursday at 8 in Unity Hall. Full details will be found in the folder to be obtained at headquarters on Granville Street. Julian Haywood will play excerpts for the pipe organ from the opera of "Parsifal."
