

LANDED GENTRY.

1.

Our inbred F.O.<sup>x</sup> families

Produce their pullulating legions;

Red-tape-worms in bled-White Hall tease

Lapland's anaemic nether regions.

Bridge, polo, cricket, pansy piety,

Tart-and-great-lady so-society,

Dumb devotees of Dividends -

Ah! "who will save us from our friends",

Our inbred F.O. families?

2.

Bald ovoid soft-boiled addled Blimps,

Brass-hatted hero Humpty-Dumpties,

Cathedral choughs and Palace pimps,

Burst-big-drum battling Rumty-Tumpties,

U-boats and tanks and Messerschmitts

Are dam-bad-form-Sir to the wits

That stop with Agincourt and Ramillies!

God bless our inbred F.O. families!
